

# PINEY WOODS PLANTER.

These are the only principles to the support of which, a majority of the people—the freemen of the Union can ever be successfully rallied—these are Democratic principles—in supporting which we occupy the vantage ground chosen by Jefferson, in 1799, and Jackson in 1824.—The people must occupy this good old Democratic ground when they do battle with the Feds.

For taking the above ground, and rallying the Democracy to the support of the principles dear to all of them, we have been assailed both publicly and privately by bank advocates, hired ruffians, and Federal bullies. The writer of this article was told in plain language that our press must be put down—that we would not be suffered to remain in the place—because we dared to oppose an established and powerful faction—and our life threatened and attempted. Our name was mentioned through the press as one “well calculated to infuse political poison into the minds of the public, providing we received the public support.” Falsehoods without stint or measure through the press & otherwise, were put in circulation to prejudice the community against us; but thanks to the intelligence of the people, without effect.

And now, in conclusion, we say to our patrons, that unopposed by threats, unaided by fear, uninfluenced by interest, and unsubdued by opposition:

“We will still proclaim,  
The MERE TRUTH where there's a cause to blame.”

Proud vice, political deception, the enemies of equal rights and human liberty, will find us their unflinching enemies.—With a fixed, unshaken, immovable purpose, firmly believing in the truth of our political faith, we continue to oppose federalism, no matter what name it may assume; provided always, that we have your co-operation and patronage, without which, it would, in our present capacity, be impossible. No pecuniary interests prompted us to commence the publication of the Piney Woods Planter, nor do such considerations cause us to continue it—some have said that “it must go down.” It may be so; but we think not, if it does, the blame lies at the door of its friends, its enemies cannot put it down, though they have threatened so to do. Our greatest and best hopes for its success will be in vain if we are not aided by those for whose cause we will leave no honest effort untried. “The cause of the people must triumph, if the people themselves, and the leaders of the people, are ready, with head and heart and hand, to write, to speak, to act and suffer in that cause.”

For the Planter.

Messrs. Editors:  
Gentlemen:

In looking over the catalogue of names annexed to the call of the “Whig” meeting, which met in Liberty, on the 5th inst., I see the name of a man, whom I heard say, not long since, that the States had no Rights; that Nullification, State Rights and Nonsense, were synonymous. How is this—how can a man who disavows, in toto, a belief in the rights of the States to-day, to-morrow join a State Rights meeting, and heartily participate in its deliberations. O consistency, what art thou? Who can repose confidence in such a man? None.

Let a man always act consistently, and then the community will know how to judge of him. If he is a Federalist, let him acknowledge it—it is a State Rights man let him not deny it, and if a Democrat disguise it not. Then when the freemen of our country meet at the Ballot Box to cast their suffrage, they would know who it is that they were supporting.

But it appears that the modern, self-styled Whig party are composed of so many various kinds of materials amalgamated, that in supporting one of them we cannot tell whether we are supporting a Nullifier, a Bank man, or a bona fide Federalist. Take one example to our purpose quite. One of the gentlemen who composed the committee to report resolutions for the consideration of that meeting was heard, in a speech, last October twelve months ago, to denounce the State Rights party in the most invective terms. Liberal, yes, quite liberal was he in his invectives against and denunciations of the Nullifiers. He accused them of wanting to rip up this most glorious Union, and scatter its dismembered fragments to the four quarters of the Globe. He disclaimed belonging to any party—denied that

he held any feelings in unison with the Nullifiers, whose objects were treasonable. And now, strange to tell, he who with so much warmth took such pride in heaping reproach upon that party, previous to the last election, is now found acting in perfect congeniality with them. Surely, this is enough to stamp credulity itself.

FAIRFIELD.

## BANK MEETING.

Pursuant to advertisement, there was a meeting of the subscribers for stock in the Mississippi Union Bank (who reside in Amite county) held at the Court House in said county on the 17th inst. Upon the meeting being organized, David Lea, Esq., who had been delegated by a previous meeting to visit Jackson and there attend to the interests of the subscribers for stock in said Bank who reside in Amite county, made the following report, and then submitted two letters for inspection.

[A.]  
Mr. Chairman.—In pursuance of a resolution of the meeting of the subscribers for stock in the Mississippi Union Bank, on Saturday the 26th day of October last, requesting that I should visit the mother Bank at Jackson, for the purpose of there ascertaining the situation of our title papers, as well as obtaining such other information relating to said Bank and its operations as I might think would be of interest to the citizens of this county generally, and particularly to those who have subscribed for stock in said Bank; and, sir, for the purpose of saving time and bringing the information which I have been able to procure fairly before this meeting, I beg leave to submit the correspondence which took place between myself and the President of said Bank on all the subjects which I thought would be of immediate interest to them; together with the further information that the mother Bank has, since I left Jackson, employed eight assistants in the law department of said institution, for the purpose of completing the examination of all the papers relative to stock, in as short a time as possible, so as to enable the mother Bank to establish the branches during the ensuing spring; all of which is respectfully submitted for the reception or rejection of this meeting.

DAVID LEA.

[B.]  
JACKSON, Nov. 1st, 1838.  
Dear Sir:—On Saturday last, the citizens of Amite county, who have subscribed for stock in the Mississippi Union Bank, held a meeting in the town of Liberty, for the purpose of devising some means whereby they might ascertain the situation of their papers relative to the aforesaid stock; and by a resolution of the said meeting, requested that I should visit this place for the purpose of obtaining the desired information, respecting the validity of our title papers, as well as obtaining all other information on the subject of the Bank and its operations, as I might think would afford them satisfaction in the cases above alluded to; and for the purpose of accomplishing the aforesaid objects, I respectfully ask the necessary answers to the following questions:

1st. Will our title papers and certificates of appraisement want any thing more done to them here; if so, how and where made?  
2d. About what time is it probable our papers will be returned, for the purpose of consummating the mortgages?  
3d. Will or will not the 24 per cent. be required of the stockholders at the time of executing their mortgages?  
4th. About what time is it probable the branches will be established in the different districts,—any thing like particularity of time, to this interrogatory, is not expected?  
5th. Does the Bank here sell checks on the principal cities in the other States; if so, at what per cent?  
6th. Would it meet the approbation of

the directory of the mother Bank, for the subscribers of stock in the county of Amite to recommend a certain number of persons who they might think best qualified to manage the directory of the branch at Liberty, and if they should approve of such a course, what number should Amite recommend?

7th. Will the grading of the stock be general throughout the State, or by districts; and will it be made under the 2d section of the original charter, or under the amended charter?

I hope, sir, the foregoing interrogatories will meet the earliest attention you and the Board over which you have the honor to preside can bestow, consistently with your other obligations; and the only apology I have to offer for intruding upon your time, which I know is worth so much, is the anxiety those I represent feel on the subject. I am, dear sir, with considerations of the highest respect,  
Yours truly,  
DAVID LEA.

H. G. RUNNELS, Esq.

[C.]

MISS UNION BANK,  
Jackson, Nov. 2, 1838.

Dear Sir: Your communication of yesterday, in behalf of subscribers for stock in this institution from Amite county, has been presented to the directory, who have instructed me to reply to the same, which I propose doing by giving answers to the interrogatories propounded by you, in numerical order, viz:

1st. The title papers probably may need some correcting, which may be done when they are returned to the county for the consummation of the mortgages.

2d. It is impossible to say with accuracy at what time the papers will be returned to the counties for correction, but great exertions are making to bring the matter to an early close.

3d. The two and a half per cent. will not be required, as it does not constitute a part of the capital stock of the bank; and would have to be returned to the subscribers, with much cost and labor to the institution.

4th. The branches will be established at the earliest day practicable, perhaps by 1st April next.

5th. The Bank is only checking at this time on New Orleans, at 5 per cent. We expect to check shortly on the North at the usual rates.

6th. The directory will receive with much pleasure, all recommendations for directors of the branches, coming from the stockholders, and will in a most respectful manner consider of them.

7th. There is some doubt as to the manner of graduating the stock, whether by districts or the State generally; in either case the graduation will be made according to the provisions of the second section of the original charter.

I have thus succinctly answered the interrogatories made by you. Be assured, sir, that this directory will at all times, with much pleasure, furnish such information as may be desired, and that their labors shall be incessant in the service of the bank, which if well managed, must add greatly to the happiness and prosperity of the State. Accept the assurances of;  
a sincere friend,  
H. G. RUNNELS, Pres't.

To Maj. David Lea, Amite County.

After the report and letters being read, the following resolutions were unanimously adopted.

1st. Resolved, That the thanks of the meeting be tendered to David Lea, for having discharged the duties entrusted to him, in so able and satisfactory a manner, and that he be paid forty dollars for his services and expenses in going to and returning from Jackson.

2nd. Resolved, That the proceedings of this meeting be signed by the Chairman and countersigned by the Secretary, and published in the two newspapers printed in this place.

3rd. Resolved, That this meeting adjourn until the fourth Monday in December next, at which time there will be an election for nine persons, of this county, to be recommended to the directors of the mother Bank, as persons suitable for directors for the branch to be located in this county; and that a punctual attendance of all the subscribers of this County is respectfully requested at said meeting.

O. W. CAULFIELD, Chairman.

JOHN WALKER, Secretary.

## STOP THE MURDERERS!!

REWARD will be paid by the undersigned, for the apprehension of JOHN STEP and SOLOMON STEP, who murdered Martin Fraley, near, on the 8th of October instant, near Wolf's Ferry, in Hardin county, Tennessee.

JOHN STEP is about 26 years of age, 5 feet 8 or 9 inches high, dark complexion, dark eyes, black hair, inclined to curl, and very low forehead. The middle joint of the forefinger of his right hand is considerably enlarged; occasioned, it is supposed, by a hurt.

SOLOMON STEP is about 23 or 24 years of age, 5 feet 11 inches high, stout built, a little inclined to be stoop-shouldered, dark complexion, dark eyes, dark hair, inclined to curl, and very high cheek bones. The bones of his right hand have been broken near the middle of the palm, and occasioned a considerable ridge on the back of his hand.

The Steps formerly resided in the Cherokee country in Georgia, and it is thought they will either make their way back to Georgia, or strike for Texas.

The above reward will be paid on their delivery in Hardin county, Tennessee, or a proportionate reward for either.
